Expressive Arts Therapy Retreat

Dear friends,

A COVID exposure at our retreat would be devastating for our organization, so we have decided to take the following steps to increase safety for our participants, providers and camp staff. If you are experiencing any COVID-19 symptoms in the days leading up to the retreat, please let us know as soon as possible.

We are asking all participants to provide proof of vaccination before arrival. When you arrive, you will be provided with a **rapid COVID test** (provided by The Wild Expanse) before entering the farm house. You will swab your own nose and wait in your car or outside on the camp grounds until a negative result is confirmed. If you would prefer to decline a rapid test, we request you purchase a single room occupancy and remain masked indoors in all common areas.

We will be sanitizing all instruments and materials frequently and providing lots of opportunities to wash and sanitize hands.

Thank you for your understanding. Please let us know if you have any questions or concerns.

Warmly,

Rebecca and Kay
